THE WINE AND SUGAR LOAN.

The literature of the new loan is undergoing so much expansion in the columns of our colleagues that it is hard to compress within our limited space all the letters, telegrams and documents published.

The loan has been done at 82, in this country and free of all commission or charge. Its negotiation on such terms speaks increased credit for the nation and increased method in our administration. The negotiation of the loan at the Government house in the capital of the Republic is always a step in advance, and there can be little doubt that the next loan to be raised by the National Government will show another step in advance by making its service here and not in Europe.

Our colleague the *Pampa*, perhaps, gives the best summarized history of the transaction:—

The loan business began at 79 p. cent.

Mr Helmendahl offered.....	80½
The River Plate Bank.....	81
Societe Generale.....	80¾
Baron Erlanger.....	82
Ibanez Vega one half.....	81
Do other.....	82

All these offers were so dependent upon conditions of payment that the highest figure by no means indicated the most advantageous, and after some consideration, and the London and River Plate Bank offer being withdrawn, the Government was on the point of closing with the Societe Generale, Paris, at 80¾, when Minister Cortinez asked to suspend the business for two or three days, during which time nearly all the offers were improved. President Roca, fully alive to the great importance of the business, referred the whole matter of the bids to Dr Irigoyen, Minister of Foreign Affairs, and Sr Cortinez, Minister of Hacienda, to report to the Cabinet on the matter, and it was upon their report that the Government decided in the business.

We cannot conceive on the part of any Government more straightforward or honorable conduct, and if many of the applicants who expected to do the business are offended, it is not surprising, when we take into account the great expense of telegrams and the importance of the transaction.

Sr. Casal, who represented Ibanez Vega and Co., informed the Minister that the real takers of the loan were the leading London firm of Mildreu Goyeneche & Co, whose position was certified by Mr. Ernest Tornquist. Casal, it seemed, telegraphed at once to Paris for authority to make his bid 84, free of all commission, and the reply came offering 89, and with such favourable conditions, that compared with others it raised it to 84. Casal, it seems, spent over 2,000 patacons in the way of telegrams.

Meanwhile Mr. Lezama, representing Erlanger, raised his bid to 82½ per cent. coupon, to date from April 1st. It is quite evident from the papers before us that the Government did not care to deal with many of the parties bidding, but always kept in view the advantage of doing business with the best of the best.

The Societe Generale, represented by Sr. Brana and Dr. Pellegrini, also improved their bid from 80¾ to 81¼ and Dr. Pellegrini wrote a letter to the Minister of Hacienda offering to make further concessions, &c., but Dr. Pellegrini says this letter was not shown to the President, who knew nothing whatever of it, and it is reasonable to suppose so, since, as we have already stated, the affair was handed over by the Cabinet to a committee of 2, and hence all letters, &c., went to that committee only.

With the light of all this correspondence, telegrams, leading articles, &c., one can, perhaps, better see the strict straightforwardness and honesty of purpose of the Government in the business. We have read through all the editions of this loan literature, and arrive at the conclusion that the offer of the Comptoir d'Ecompte was decidly the best. The very high reputation of that company, the freedom of the bid from all harassing conditions, the clean simplicity of the transaction shines out beneath this cloud of correspondence, &c. Partiss not interested in the affair, and thoroughly acquainted with the market, will give their verdict in favour of the Government and exculpate the Ministry from every censure.

We must hold for our next issue the reply of Sr Cortinez, Minister of Hacienda, to Dr Pellegrini; it completely explains the whole transaction and exonorates the Minister from the charges brought against him.

ROSARIO

A VENETIAN FETE ON THE PARANA

Do you know the American Barque "Rebecca Crowell"? This is the ship that made the unprecedented short trip of thirty two days from Buenos Aires to Boston. It is this vessel that Mrs. Crowell, after whom she is named, navigated and brought safely into port, when her husband and the first officer were disabled in a storm, and for which heroic action she was presented with a gold medal by the Insurance Offices. Well, this favorite of the River Plate is now loading in our port, where her master, Luther B Crowell is very well known and appreciated; so it is not at all surprising that an invitation to spend an evening on board was gladly accepted by a number of families. The "rendez-vous" or starting point, was the principal plaza, and the number assembled rather scared the Police, until some comisarios coming over were so dazzled by the beauty of the girls that they rushed back and reported to the "Gefe" that it was a "reunion de angeles bajados del cielo", and with no revolutionary tendencies unless an attack was meditated on the hearts of the unfortunate young gentlemen.

When the moon "round as my shield", rose over the ceibos of the islands, we formed line, and I am sure you will be gratified to hear that your correspondent secured the prettiest girl in the crowd as companion. The people rushed out of their houses in bewilderment, thinking we were a jolly "Carnaval Comparsa. The line of march occupied half a square. On arriving at the river side, we found boats all ready, the water being so high that we stepped into them from the doors of the first line of houses, and were soon on the bosom of the broad Parana. Not a breath of wind rippled the waters, which spread out apparently beyond the horizon, like a sheet of burnished zinc. (Mark! a common correspondent would have probably said "burnished silver", which apart from being trite, would also have been a plagiarisem). The river in this time of flood is dotted with "camelotes", which rather frightened the girls, particularly as the boatmen told them they were full of serpents, with a dash of alligators and tigers. The ladies, who had not thought of the way of getting on board or, of they did, fancied it was simply a question of stepping from the boats to the deck, were aghast on arriving at the huge walls of the vessel, which being in ballast towered about eighteen feet above the surface of the water, and with only a repe ladder with cleats hanging down the side. When one, the most experienced of the youngsters, seized the manropes of the ladder and scrambled up, the females set up a screech of dismay, calling upon all the saints to witness that they would not trust their dainty feet on that precipice.

Suddenly, however, something appeared high up in the air and descended into one of the boats. It was a comfortable arm-chair. When its purpose was explained there arose another chorus of dismay; but when Mrs. P. calmly seated herself and was hoisted up in a twinkling and deposited safely on deck, the terror was at once changed to shouts of fun and confidence, and screams of laughter saluted each fair occupant of the chair as she was swung between the Parana and the stars. On gaining the deck we were struck by the size of the vessel, the great height of the masts and the strength of her spars, and more particularly by the exquisite cleanliness and order of everything. I fancied myself aboard a man-of war. The spacious quarter-deck and main-deck were holystoned to a brilliant whiteness, the bulwarks newly painted and fittings polished like the woodwork of a piano, one of which, by the bye, was on deck with the first Professor in Rosario standing beside it. In the galley the girls could have used the brass and copper utensils as mirrors, so perfectly were they burnished. Two companion-ways led to very comfortable and spacious cabins, neatly fitted with beautiful American woods. In fact for strength, beauty of lines, swiftness and interior arrangements, the Rebecca Crowell is the finest sailing ship that visits our waters, while many years' experience has proved that Captain Crowell is worthy of his craft, which is saying a good deal. He told me that the secret of his quick trips, is that he takes charge of the ship himself at night, instead of turning in.

The deck was brilliantly lighted and covered in, the sides being festooned with flags, and it is enough to say that Mr. Robert Thompson aided, to imply that nothing was wanting that could by any means enhance the comfort and good cheer that was prepared for the company. I very much fear, however, that the Rebecca's stock of champagne, cider, preserved oysters, clams, peaches and delicious 'captain's biscuit' was seriously prejudiced.

The visit was to have lasted a couple of hours. The captain had cleared the quarter and main-decks, and with his officers, assisted by Captain Henimingaray, of the American barque Mengunticook, now lying in our port loaded, had made everything ship-shape, so that when dancing did commence it was continued with such good will that no one thought of asking the chair to be rigged, until we could sing with Kathleen Mavourneen—

"The grey dawn is breaking."

Messrs. Frank M. Whitney, Allan Bartly and Laurence Niles, passengers, will take back to Brother Jonathan's land some pleasing reminiscences of Rosario beauties What astonished them most was the dancing of the Argentine girls.

The whole thing was so jolly and so enjoyable, Captain Crowell and all on board so attentive and kind, that I promised myself the pleasure of immortalizing our aquatic trip in the imperishable columns of the *Standard*.

When at last approaching day made the elderly people a little anxious, the arm-chair was rigged, and the captain himself, aided by his officers, Mr. Pray and Mr. Staff carefully lowered the ladies into the boats, and after another pull on the still waters, we wended our way home in great spirits, awakening the sleeping 'serenos' as we passed.

W. P.

A Montevidean policeman saved a man's life the other night. The 'sujeto' in question is a sonambulist and was walking ('in naturalibus') into the sea, when the guardian of the night seized him and, after a struggle, induced him to go back to bed.

MONTEVIDEO

The Communists duly celebrated the anniversary of the commune. A grand banquet was given, and all nationalities sat around the hospitable table. The speeches were many and reflected eloquently the opinions of the guests. Paris, nevertheless, cannot be congratulated on the anniversary of the destruction of her finest monuments. The guests parted after toasting the Republic of Uruguay, the refuge of political victims. It is quite unnecessary to state that everything passed off in the most orderly manner, forming a marked contrast with the last melancholy celebration of the anniversary of the fall of the Bastille, when the unfortunate Alfonsi was killed in a fierce quarrel.

The constitutionalists also held a banquet the other day, when the principal members of the party welcomed their political colleagues from the rural departments. The sympathies of foreigners are already unanimously attached to the constitutionalists, and all live in hopes to see them wield the reins of Government. Colonel Santos meantime paid a visit to his estancia, and it is whispered, as usual, that some measures of importance are connected with the fact.

The departure of the Chief of Serenos has been hailed as a most welcome dismissal. Sympathies may spring from unknown sources; but antipathies like those that were harbored against the head of the Serenos, are eloquent proofs of his wretched management of affairs in his department. It is to be hoped that the new Gefe will be exactly the antithesis of the departing official; at all events, he cannot prove as bad, because it is morally impossible.

The Government has granted eight years privilege to Messrs. Sainz and Co. to fabricate the pomos known as the Bellas Orientales. It has been also stipulated that these gentlemen pay $400 per month to the School of Arts and Trades. Messrs Sainz and Co. would certainly be in a pretty fix should fashion abolish the use of the pomo during Carnival: it is to be hoped such a change will not occur, if only for their sake.

Mr Meliton Gonsalez's lecture on the Panama Canal was a most successful event; the hearers were the most respectable people in the Mount. The lecturer very ably compared Lesseps to Moses, and his reputation will last as long as the Canal. The lecturer might have dwelt longer on M. de Lesseps and portrayed his character; the hearers were anxious to know all about him, but their expectations were frustrated. M. de Lesseps is the son of a Frenchman; he was born in the North of Africa; he started the first turf meetings in Cairo, and won all the prizes with his beautiful Barbary mare, now dead and gone; he excelled in all athletic sports, being conspicuous for an iron constitution and great physical power; he is an excellent shot, and in his present old age delights in exercising his skill; some men fire at targets, bats, coins, eggs etc., but Lesseps is too original for that: he aims with a revolver at 20 yards distance and always puts the bullet through the barrel of a Martini-Henry rifle. Talk of Guillaume's Austin after that!

In connection with Salycylic Acid, it may be interesting to know that the French Government has pronounced the article obnoxious, and as facilitating the adulteration of food and liquids, and more especially of beer. It appears the acid is also detrimental to the human system.

An enterprising individual purposes establishing a cider establishment: thus all the apple and fruit surplus, which is thrown away to pigs and cows, will be better utilized. In Germany there is no drink like cider: it is supposed to cure all diseases. In the River Plate, where grapes grow so abundantly, no enterprise is evidenced in horticulture. In Germany every valley boasts its peculiar wine: some are sour, others sweet. The same might be done here, only that the people are too well off and prefer drinking imported stuffs.

Dn. Juan Carlos Gomez, it is said, is expected here after an absence of many years. In spite of his opinions he is much esteemed, and any of the contending parties would be only too glad to incorporate him, ideas and all. He is of the Sarmiento stamp.

The yellow fever cases on Flores Island seem to have frightened many visitors away and intimidated others who intended coming. What with the epidemic scare and the loss of the Saturno, visitors are getting fidgetty: then if quarantine ensues we may bid farewell to all Forteños here. Verily, it requires some warning to put River Plate people on their guard. A repetition of 1871 would only be the fruits of improvidence and neglect. Until the city improvements are carried out there is no security.

Santa Fe is going to start another lottery, but lotteries in that quarter are in bad odour since the burst-up of the last one there.

EDITOR'S TABLE.

The first news we had yesterday was confirmation of the report current on Thursday that the Boer war was over. So it is. The Boers have acknowledged the sovereignty of the Queen of Great Britain and Ireland, and have been granted self-government. This is the proper end for the affair, which cost far more valuable lives than it was worth. It is to be hoped that England's troubles in South Africa are now over. Fears of war continue to be entertained about the Greek Question. There is nothing fresh from Ireland.

Father Jordan preaches in the Cathedral to-day.

There is another Ministerial crisis at Montevideo. Ministers Rivas and Requeña have resigned, and Magarinos Cervantes and Dr Mendez are expected to succeed them.

The Royal mail steamer Douro from Southampton, arrived at Montevideo yesterday.

Dean Monsignor Dillon gave a farewell dinner to a large number of friends on Wednesday last at his residence on the Flores Road. Senators, Deputies, estancieros, brokers and editors sat round the hospitable board. The speeches were numerous, all expressing kind wishes that the approaching voyage of the very Rev. host may be of the most prosperous, and we may soon see him back at the head of 100,000 Irishmen, to prosper as all their countrymen do in this fertile and favoured land.

The change in the time table of the Campana Railway on the 1st. prox will give an extra hour for travellers coming down from Rosario. Good. All the other railways change their tables also on All Fools Day, and travellers had better bear the fact in mind.

The steamer Europa from Genoa, brings rather important news. The relations between France and England are becoming very cool. Prince Amadeo of Italy received a very cordial welcome from the Emperor William at Berlin. Mr Droz is the new President of Switzerland. Farther reinforcements sent to Cape by British Government. General Roberts named to supercede General Colley. 40,000 people in cortege at the wedding of Prince William of Roumania and Princess Augusta Victoria. Berlin was illuminated. Roumania is to be changed from a Principality to a Kingdom. Peruvian Minister in Paris asked England, France, Germany and Italy to mediate in the treaty of peace with Chile; all accepted except Germany.

The distribution of prizes to Mr Salvador Negrotto's pupils on Thursday night at the Coliseum was a superb business. The vast hall was filled with ladies. Dr Rawson made a magnificent speech, alluding in the most flattering terms to Mr. Negrotto's career of 43 years as a teacher in B. Aires. The prizes were most beautiful and valuable.

In the cricket match at Palermo on Friday 'Eighteen versus Eleven,' the twice nine team won easily with 175 runs, the others scoring 84. Mr Gardon scored 75 for the winners. Nothing like camp air.

In consequence of the absence of the Passionist Fathers from the city, there will be no sermon in English at San Francisco Church to-day, Sunday.

Jacob George and Alfred George, who went to Tucuman about 2 years ago, are requested to send their address to Dr Smith, St John's Church, Buenos Aires.

The inauguration of the new church at the Tigre was the occasion of a great 'fnucion' on last Friday, and the Tigre was more crowded than ever with townsfolk. The day was so intensely hot that although the new church is very spacious and roomy half the people had to remain outside. The Archbishop stood as sponsor for the building, and Miss Scrivener and other young ladies joined the choir and sang beautifully. Madame Emilia Fernandez, the Treasurer of the Building Committee, endowed all the gentlemen from town with medals, which cost from $20 to $500 m|c each; and, we are happy to say that, through the efforts of Mrs. Fernandez, the new church is now out of debt. By a freak of fortune an old lady resident of the Tigre drew last week $115,000 m|c in the Montevidean lottery, and this lady has supplied the church with a new carpet. An Italian fruit vendor in the Tigre drew $300,000 m|c in the same lottery, and has gone out to settle in the camp as estanciero. A grand ball was given in the public school-room in the Tigre as the finale of the fete. The room was crowded with the wealth, fashion and beauty of Buenos Ayres, and many of the young ladies expressed deep regret that more churches were not built in the suburbs and more inauguration balls given.

The cook of the steamer Silex died on her passage up from Montevideo on Friday night.

La Moda this week is superb. The costumes for the coming winter are so covered with fur etc that it makes one warm to even glance at them. The 'coming hat' is really as 'divine' as Stagno. The walse from the 'Roi de Lahore' is given round gratis with this week's number.

The Southern Railway Sports at Lanus on Friday were a complete success. Rarely has Lanus seen such a crowd assembled. The Stand, the Course, the whole place, was thronged, in spite of the heat of the day. The competitors in the several events had a very hard time of it, but did their work admirably, the spectators evidently enjoying the sport to the top of their bent. The S.R. employees may write down the 25th March 1881 as one of the most brilliant days in their Athletic annals.

At about 3.30 a.m. yesterday morning a discharge of 'Heaven's dread artillery' that raised the whole city and suburbs from mosquito-haunted beds announced a delightful deluge of rain, which lasted till 8 o'clock and refreshed all nature. Suburban residents enjoyed the exquisite but almost forgotten sensation caused by being up to their ankles in mud while getting into town, an intensely pleasant feeling after two months of dust. Estancieros now consider the heat over for this year, and that we shall have a fine autumn. We hope so, but until Jupiter and Saturn have met (on 18th prox.) the tailors are unlikely to do anything approaching a large business in autumn clothing.

A little 9 year old girl, while walking in Calle Florida on Sunday, swallowed a pin she had in her mouth. It stuck in her throat and she was carried into the nearest "botica" just in time to save her life, as she was black in the face when the Galen took her in hands. This should be a warning to ladies, big and little, against putting pins in their pretty mouths.

The Chargeurs Reunis steamer San Martin is the first French vessel from the Plate that will enjoy the benefit of the new Bounty Law.

The Municipal Memoria for 1880, just issued by the Lord Mayor, shows, amongst many other interesting things, the prodigious growth of tramway traffic in this city. From January 1st 1877, to Jany 1st of this year, the city lines carried 62,404,535 passengers, and earned $187,213,755 m|c., the average number of passengers being over 15 millions per annum. Every year the number of passengers increases. All this is really astounding in a city of 300,000 souls. Another Municipal curiosity is that, while the population of the city increases, the consumption of meat falls off: last year it was barely 360 head per day, the high prices and the horse beefsteak interregnum in June having, doubtless, contributed to this result; besides, the vegetarians are increasing amongst us.

We suppose there are not ten people in town who know how the now famous word "Boycotting" originated. We find the following explanation in a recent exchange:—

In his lecture on Ireland, Mr. James Redpath related how the term "Boycotting" first came to be coined and applied. He had been breakfasting with the Rev. John O'Mally, parish priest of the Lough Mask district, at the time that Captain Boycott and the tenants of the estate of which he was agent were at daggers—points. "I am troubled", said Mr. Redpath to Father O'Mally, "to find an apt word by which to call this Land League social ostracism, and I can't get at it; suppose you try your hand at it, Father John." "Why not call it "Boycotting", replied Father O'Mally promptly. "That's the idea, Father John," said Mr. Redpath; "you have bit the nail on the head. So shall it be baptized. Now, Father John, you give the cue to your parishioners, and I'll post the chiefs of the Land League, and the thing is done."

The sale by auction of Dean Dillon's furniture (on Friday) was a triumph for the auctioneer. Everything fetched good prices. Mr. Garrahan bought the beautiful "juego de sala."

Mr Ledan has started three new wheat colonies within 14 leagues of Santa Fe. They are called Susanna, Aurelia and Rafaela, and an immense number of immigrants have already flocked to them. These new settlements are on Mr Carlos Saguier's estate. Fifteen Bolivians is now being paid for wheat at the Esperanza Colony and 14 for first-class flour.

There was a large business done in gold to-day and chiefly for end of month and April. The cash sales amounted to 201,380 pats., which always shows that gold 'efectivo' is coming on the market. Gold for end of April is so freely offered that prices cannot be maintained, and sales were made for May at 28.55. It is pretty evident to those who understand the Bolsa business and the heavy liquidation for the end of the month that the bears are at present supporting the market so as to tide the ring over, perhaps the heaviest liquidation it ever had.

The article in yesterday's *Republica* on the resumption of specie payments by the Provincial Bank was the talk of the whole market, and has been sent to us with special request to publish it and forward it to Europe in our packet edition; there can be no doubt, as more than a week ago we hinted the country is on the high road to specie payments; but the talented editor of the *Republica*, Dr Pacheco, must not fall into any error about silver, it can only be a subsidiary currency to gold, and only legal tender, as in England, for small amounts.

National Bank Shares ruled firmer than ever to-day, and it looks very probable that at the end of the month there will be a corner. It is estimated that fully 10,000 shares are taken up by parties who will hold the stock to the end of the year, when they expect to get par, and another 10,000 shares taken up by parties who have found the money to carry the stock; it looks as if this stock is about to follow in the steps of the Treasury notes, which when selling at 80 were predicted by a shrewd English broker to go to par; they are now at 3 premium.

The Provincial Government auction of Government lands comes off on Monday—80 square leagues of prime land in front of Fort Gainza, and next to Sr Real's land. The Government price is 64,000 m|c per league, 10 per cent cash and rest in 8 years. Parties interested in the purchase of these very fine lands should call on Mr Rom at the Central Land Office, who knows more about the lands than any one else in town; he takes orders from his clients to buy and will attend the auction. The terms of the Government are so favourable that parties can purchase an estancia with very little money.

This being Saturday, the tables were crowded and the payments large; they might have been larger, however, as the stoppage of a well known wool-buyer and exporter was reported—liabilities 1½ million currency; also the failure of an 'acopiador' of wools outside for 626,000 m|c.; offers 25 per cent. These matters were very much talked of on 'Change.

The two estancias near San Nicolas advertised in our columns by M Fabert have been sold and at good prices; he has yet another to dispose of, 2½ leagues of prime camp, which he will sell cheap. All the San Nicolas farmers are in great spirits, it having rained in torrents out there.

We have received a protest from several English residents in Bolivia which we publish in another column, and to which we beg to call the attention of Sir Horace Rumbold.

On Friday we received the telegram which we publish this morning, announcing the conclusion of peace with the Boers; Englishmen of every political opinion will welcome the termination of such a useless war. The mule steamers, we heard on 'Change, will proceed to the Cape, as it was impossible to save the expenses already incurred, and therefore the best plan was to send the mules forward and sell them in Africa.

We have received the following from the Minister for publication:—

B. Aires, March 14th, 1881.

To H.E. the National Minister of Finance,

Most Excellent Sir,

On behalf of the Company which I represent, I have the honour to submit to Y.E. the following:—Since the interview I had with Y.E. and the opinions interchanged thereat, I trust the steps taken by the Company will meet with your approbation.

1st—In order to facilitate without delay the loading and discharging of ocean vessels and coasting craft we have commenced extending the shunting lines in the Plazoleta at the Boca and along the moles, as agreed with Y.E.

2nd—In addition to the existing lines in the Casa Amarilla, we have begun the necessary repairs, the laying down of curves, &c.

3rd—For greater facility, rapidity and economy in the transport of goods, the plans for running lines into all the deposits are being drawn up, and the work will be commenced immediately.

4th—In order to facilitate the transport of goods in carts, I interviewed the President of the Municipality, urging on him the necessity of repairing properly the streets leading to the deposits from all directions, to which he at once agreed, and gave the necessary orders.

5th—To meet the increased trade which has been created by the Riachuelo being thrown open, I beg to inform Y.E. that the road along the bank, for 4,000 yards, from the entrance chanel to Barracas, has been repaired, and the road widened, with a line of posts along it, and the work will shortly be finished; as also the shunting lines to allow of goods being discharged at any point of the Riachuelo, which is now a safe port along its whole length, as everybody knows.

6th—In view of the number of waggons we can devote to this service, the round trip to the deposits will be made in 25 minutes from the channel and Plazoleta, and in 40 minutes from the Vuelta de Rocha.

7th—The tariff for goods from the Plazoleta and channel to the deposits, and vice versa, has been fixed by the Company at $12 m|c per ton, a moderate price that will prove satisfactory to merchants.

Having thus carried out Y.E.'s views,

I have the honour &c.

W Villafañe.

March 19th, 1881.

Let this be published,

CORTINEZ.

'In re' the petition presented by W Villafañe, representing the Boca and Barracas Tramway Company, praying to be allowed to run branch lines into the Lanus Deposits, and to lay down sundry shunting lines ('cambios') in the Plazoleta Riachuelo, the following resolution has been come to:—

National Finance Department,

B Aires, March 24th, 1881.

Don W Villafañe is hereby authorised, as representative of the Boca and Barracas Tramway Company, to carry out the works enumerated in the plan and petition herewith, on the condition that, should the changes in question at any time prove an obstacle to the Riachuelo Works, or the Government order their removal, the Company is bound to accede without delay.

S. CORTINEZ.

We have received the following for publication in this column:—

To the Editor of the *Standard*,

Sir,

A. B. C.'s defence of the notice issued by the Mortgage Bank ordering holders of Cedulas to do what no law requires them to do, is, to my dull comprehension, a bad defence of a very bad case.

He says it is not the employees of the Bank who have made 'alterations' and 'dictated' new conditions requisite to obtain payment of coupons.

The notice is signed by the paid secretary of the Bank, who receives payment for work he does, or, is supposed to do. Employee is one who is employed. If so, the Secretary and the President of the Bank are employees, they receive payment for their labour at a public office. Consequently I was correct in stating the notice was issued by employees.

I still affirm that none of the employees of the Mortgage Bank, Directors included, have any authority whatever to alter the conditions of payment of coupons.

It is set up in the defence of this illegal notice that parties whose Cedulas are deposited in Europe or elsewhere will merely be required to affirm that such is the fact, if it is affirmed by a respectable person.

That's the hitch. What is the difference between the respectability of the Cedulaholder who sells fish in the street and the Cedulaholder with tilbury who snatches or obtains them fraudulently from a broker on the Bolsa?

Is the one who goes to the Bank with his fish baskets on his shoulders less respectable than the other who drives up to the Bank in his carriage?

The law has made none of these nice distinctions nor does it oblige a Cedulaholder to keep a number of 'compadres' in stock to ensure the payment of his coupons, which are payable to bearer—bearer in the eyes of the law has neither name nor address and his coupons should be paid, without any trammels, as the coupons of National Bonds are paid.

Proceden de la celebre

Estancia Mari-huincul

del Sr. D. Matias Ramos Mejia

En nuestra casa, San Martin 51,

El Viernes 8 de Abril,

A las 2 de la tarde,

Venderemos al mejor precio y dinero de contado en uno o mas lotes y por cuenta del Sr D. Matias Ramos Mejia, este magnifico rodeo, compuesto de:

650 cabezas mestizas Durham, verdaderas Short-horn, que se pusieron en rodeo en un solo potrero, alambrado desde el año 1862, tienen por origen el troso mas escojido de la hacienda que vendio en esa epoca la afamada estancia del Sr Alfaro (de Canuelas) y nunca han sido servidas sino por toros puros de lo mejor, importados uno y otros de la renombrada cabaña de los 'Tapiales,' por cuya razon tiene este ganado la misma pureza de sangre, ofreciendo la ventaja que la paricion de los ultimos anos esta toda orejana.

Fue precisamente de este ganado de donde se extrajeron las magnigcas vacas que constituyen el conocido y acreditado tambo en Ramos Mejia, que siempre han estado servidas por toros puros de lo mejor en Buenos Ayres y que dan 22 a 24 cuartas de leche sin apurarlas.

En el rodeo que se vende hay gran cantidad de estas tamberas.

Se ve, pues, tomando su origen y la fecha (1862) que este ganado es clasificado de mestizo por su propietario, cuando sus cruzas las clasifican hoy de ¾ y ⅞.

La venta se hara por todo lo que pisa.

Los dias Miercoles y Sabados se parara rodeo, y habra en la Estacion Maipu (F.C. del Sud) un break a 4 caballos, que en 2½ hora conducira a los a los interesados a visitar las haciendas hasta Mari-Huincul.

POR

A Bullrich y Ca.

Preparense los Señores hacendados

Para el Gran Remate especial DE *ANIMALES FINOS*

De las razas, vacuno, caballar y lanar Del gran Establecimiento BLANDENGUES

Partido de Chascomus

Sobre la via ferrea del Sud

Que tendra lugar los dias 25, 26 y 27 de Marzo.

Habiendo vendido el magnifico y valioso establecimiento conocido por Blandengues, al Sr D Benito Landy y no habiendo entrado en esa venta los ganados finos de todas las especies, el propietario nos ha autorizado para proceder a su realizacion en remate publico, en lotes pequeños al gusto de los compradores.

Como las haciendas de que se trata son oseí en su mayor parte finas y cuya venta demandara mas tiempo necesitandose como es consiguiento mas de un dia de remate, y en el deseo de que los señores que quieran asistir a el, puedan hacerlo con toda comodidad, hemos creido conveniente fijar la gran feria para tres dias.

El establecimiento Blandengues es celebre por sus crias finas y aunque nunca ha presentado sus productos en los remates que se dan en la ciudad.

Todos los criadores de la Republica saben que alli no se han encomiado dinero, ni se han ahorrado gastos para estar a la vanguardia de los primeros establecimientos del pais, y asi es que desde muchos años atras se han introducido alli los mejores animales que se necesitaban para el refinamiento de las razas tanto lanar como caballar, yeguarizo y vacuno de todo lo cual hay animales especiales, ya sean puros como mestizos.

Las especies que existen en 'Blandengues' se componen de majadas, tipos de cabaña en ovejas y padres puros Rambouillet de la Cabaña Imperial, hoy Nacional de Fransia, majadas Lincoln servidas por carneros puros importados directamente de Europa, majadas finas Rambouillet, yeguas puras Normandas, yeguas pura sangre de carrera importadas de Inglaterra. En esta raza (la yeguariza) hay animales notables y de gran merito, de distintas razas, servidas por magnificos padrillos puros introducidos directamente de Europa y lo mejor que ha venido al pais.

En el ganado vacuno mestizo hay animales de mucho merito, y en cuanto a lo puro, hay vacas, vaquillonas y toros de la raza Durham que estamos seguros no dejaran nada que desear. Al anticipar este aviso a los señores hacendados tanto de esta Republica como de la Oriental e Imperio del Brazil, lo hacemos con el objeto de que se vengan preparando para este ramate que podemos reputar como el mas importante que se ha dado hasta hoy entre nosotros de ganados finos de todas las especies.

Hoy que esta demostrado de una manera evidente que la riqueza de nuestra tierra consiste en la ganaderia, y que cuanto mas nos dediquemos a su refinamiento, tanto mas aumenta la riqueza publica y privada por el valor que toman las especies y los campos, nos parece oportuno llamar la atencion de los Sres. Hacendados, para que con tiempo se preparen a adquirir animales finos de toda especie nacidos en el pais e importados directamente, ya aclimatados y que no se ofrecen todos los dias en venta.
